eFlat 27 series

MULTI LOTTO

eFlat 27 series

The eFlat slot machine cabinet series made its international debut at last year's ICE show and was warmly embraced by our customers. eFlat can easily be equipped with a wide range of peripheral devices, allowing for seamless customization to meet local market requirements. The machine is compatible with the entire spectrum of e-gaming products, from VLT to SBG, SSG casino platforms, and even the standalone Casino legacy machines. Additionally, it offers the option of being equipped with expansive big screen displays and can be configured as part of a linked bank of machines.

Specification:

- 3x 27-inch PCAP screens
- rgb led dynamic backlight
- coin acceptor NRI G13 with sorter
- Rode U hopper
- bill acceptor with barcode reader (MEI/JCM/NV200 with bill recycler)
- universal bracket for cashless systems
- SAS 6.03 protocol support
